CLIENT GUIDELINES AND CONSENT

- Disposable foot covers are provided, and must be worn in the salt room.
- Please wear comfortable clothing. You will simply put your feet up and recline in one of our zero gravity chairs. Once your treatment session begins, we encourage you to practice deep breathing, inhaling through your nose, to get the full benefit of the dry salt aerosol.
- We provide a BOSE sound system to enhance relaxation as you experience the therapeutic effects of inhaling the dry salt aerosol. You are welcome to bring your own music if you like, however we require you to use a headset or earphones so you do not disturb other guests.
- Please refrain from using cell phones, computers, cameras, etc., when other clients are present.
- Once a session begins, no one will be permitted to enter the treatment room.
- Please refrain from using/wearing any perfumes, lotions, oils, fragrances, etc.
- In order to maintain the sterile environment, food or drinks is not permitted inside.
- Please do not exit the salt room once a session has started, unless it is an emergency.

The Salt Therapy Grotto is a completely sterile and very delicate environment that requires responsible and respectful conduct at all times. We ask you and/or your children refrain from touching the walls. You are however encouraged to enjoy the plentiful salt on the floor.

Avoid using Halotherapy during the acute or contagious phase of any illness, including the following: colds, flu, infections accompanied by fever, acute active tuberculosis, cardiac insufficiency, COPD in the third stage, bleeding, spitting of blood, alcohol or drug intoxication, unstable or uncontrolled hypertension, and acute stages of respiratory diseases.

Salt therapy is 100% natural, safe, and drug free, providing effective long-term relief. It can be used as a complementary treatment to prescribed medications or as a sole treatment. When Salt care is used as a complementary treatment, it can increase the effectiveness of prescribed medications and decrease the amount prescribed.

Although published studies do indicate that Salt therapy appears to have health benefits as an addition to more traditional forms of medicine, Salt Therapy Grotto does not claim to be a replacement for medication or any medical treatment of any kind. Only your personal physician or other health professional can best advise you on matters of your health. The research supporting the use of Salt Care was undertaken outside of the USA and hasn't been filed with FDA for approval.

Salt therapy should be avoided during the acute phase of any illness, including the following: infections accompanied by fever, acute active tuberculosis, cardiac insufficiency, COPD in the third stage, bleeding, spitting of blood, contagious ailments, have use of an oxygen tank to aid breathing, alcohol or drug intoxication, unstable or uncontrolled hypertension, and acute stages of respiratory diseases.

During pregnancy please consult with your doctor before using salt care.

I, a client of Salt Therapy Grotto, hereby release Salt Therapy Grotto and its directors, officers, employees, agents and professional staff from all actions, causes of action, suits, claims, liability, damages and demands of any kind, whether direct, indirect, special, exemplary or consequential, including interest thereon (the Claims) which may occur as a result of any injury including death sustained by myself or others resulting from the receipt of salt therapy.

I, a client of Salt Therapy Grotto will not pick up/touch any of the salt rocks or walls that have salt rock attached to them while in the salt halotherapy treatment room.

During salt therapy session, Salt Therapy Grotto is using pure and untreated 99.9 % sodium chloride only.

I fully understand the above disclaimer and use the salt therapy session at my own risk.
